

Dear FCC:

I have been a licensed amateur radio operator for over 45 years. I have been active on the 160 meter band for 17 years. I participate in organized contests and weak signal long distance contacts as well as contacts of a more relaxed nature. I have carefully read petition RM-10352 and support all its points. In my opinion, division of narrow and broader spectrum modes by FCC rule making is very desirable. Therefore, I request the FCC to adopt this petition as submitted.

Sincerely,

George A. Guerin, K8GG
